Political economy of the media Thussu (2000) sees the political economy approach as including many of the other theories of international communication, such as dependency and hegemony. The class with the means of material production controls the means of mental production, thus it controls both the production and distribution of the ideas of its age. Focus on corporate and state power (the

Mass Media and the Political Economy of Information. There is a rapidly growing literature on the economics of the mass media, which has led to a series of important new insights in an area which, for a long time, was neglected by economists (Mullainathan and Shleifer 2005). An important part of this literature concerns the role of the mass media in political markets and its effect on public policy-making, which can occur through several mechanisms.
